PRELIMINARY SHORT FORM PROSPECTUS

New Issue

May 23, 2013

DUNDEE INTERNATIONAL REAL ESTATE INVESTMENT TRUST

\$125,190,000
11,700,000 Units

This short form prospectus qualifies the distribution of 11,700,000 units ("Units") of Dundee International Real Estate Investment Trust (the "REIT"), at a price of \$10.70 per Unit. We will use the net proceeds from the sale of Units to fund future acquisitions and for general trust purposes. See "Recent Developments", "Use of Proceeds" and "Risk Factors".

The REIT is an unincorporated, open-ended real estate investment trust governed by the laws of Ontario. Our head office is located at 30 Adelaide Street East, Suite 1600, Toronto, Ontario, M5C 3H1.

Our outstanding Units are listed on the Toronto Stock Exchange (the "TSX") under the symbol "DI.UN". The closing price of the Units on the TSX on May 16, 2013, the day of the REIT's announcement of this offering, was \$11.00. We have applied to list the Units to be issued by the REIT on the TSX. Listing will be subject to the REIT fulfilling all of the requirements of the TSX.

PRICE: \$10.70 per Unit

	<u>Price to the Public</u>	<u>Underwriters' Fee</u>	<u>Net Proceeds to the REIT⁽¹⁾</u>
Per Unit.....	\$10.70	\$0.428	\$10.272
Total⁽²⁾	\$125,190,000	\$5,007,600	\$120,182,400

Notes:

(1) After deducting the Underwriters' fee but before deducting expenses of this offering, estimated to be \$625,000, which will be paid from the proceeds of this offering.

(2) We have granted to the Underwriters an option (the "**Over-Allotment Option**") exercisable, in whole or in part for a period of 30 days from the closing of this offering, to purchase up to 1,755,000 additional Units from us on the same terms as set forth above solely to cover over-allotments, if any. If the Over-Allotment Option is exercised in full, the total Price to the Public, Underwriters' Fee and Net Proceeds to the REIT will be \$143,968,500, \$5,758,740 and \$138,209,760, respectively. This short form prospectus qualifies the grant of the Over-Allotment Option and the issuance of Units on the exercise of the Over-Allotment Option. A purchaser who acquires Units forming part of the Underwriters' over-allocation position acquires such Units under this short form prospectus, regardless of whether the over-allocation position is ultimately filled through the exercise of the Over-Allotment Option or secondary market purchases. See "Plan of Distribution".

The price of the Units offered under this short form prospectus was established by negotiation between us and TD Securities Inc., Scotia Capital Inc., CIBC World Markets Inc., RBC Dominion Securities Inc., BMO Nesbitt Burns Inc., Canaccord Genuity Corp., Dundee Securities Ltd., Brookfield Financial Corp., GMP Securities L.P., HSBC Securities (Canada) Inc. and National Bank Financial Inc. (collectively, the "**Underwriters**").

In connection with this offering, the Underwriters may effect transactions that stabilize or maintain the market price of the Units at levels other than those which otherwise might prevail on the open market. **The Underwriters may offer the Units at a price lower than that stated above. See "Plan of Distribution".**

There are certain risks inherent in an investment in our Units and in our activities. Prospective investors should carefully consider these risk factors before purchasing Units. See "Risk Factors". In the opinion of Counsel (as defined herein), the Units will, on closing of this offering, be qualified investments under the Tax Act for Plans as set out under, and based upon the assumptions set out under "Eligibility for Investment".

A return on an investment in Units is not comparable to the return on an investment in a fixed income security. The recovery of your investment in Units is at risk, and the anticipated return on your investment in Units is based on many performance assumptions.

Although we intend to make distributions of our available cash to Unitholders, these cash distributions may be reduced or suspended, depending on numerous factors disclosed in our continuous disclosure documents. The actual amount distributed will depend on numerous factors including the financial performance of our properties, currency fluctuations, debt covenants and other contractual obligations, working capital requirements and future capital requirements, all of which are subject to a number of risks. In addition, the market value of the Units may decline if our distributions are reduced or suspended, and that decline may be significant.

It is important for you to consider the particular risk factors that may affect the international real estate industry and therefore the stability of distributions paid by us on the Units. See, for example, "Risk Factors" in this short form prospectus, "Concentration of properties in Germany may adversely affect our financial performance" and "Competition in the German real estate market may adversely affect our financial performance" under the section "Risk Factors" in our Annual Information Form and "Risks and Our Strategy to Manage" in our 2012 MD&A, which are incorporated by reference into this short form prospectus. Those documents also describe our assessment of certain of those risk factors, as well as the potential consequences to you if a risk should occur. It is important for investors to consider the fact that our assets are located outside of Canada and are currently located exclusively in Germany. In addition, as at March 31, 2013, 54% of the GLA of our properties was occupied by a single tenant domiciled outside of Canada.

The after-tax return from an investment in Units to a Unitholder, as defined in the section "Certain Canadian Federal Income Tax Considerations", will depend, in part, on the composition for income tax purposes of distributions paid by us on our Units, portions of which may be fully or partially taxable or may constitute tax deferred distributions. The composition may change over time, affecting a Unitholder's after-tax return. Distributions of the taxable income of the REIT will generally be taxed as ordinary income in the hands of a Unitholder. Distributions in excess of the taxable income of the REIT will generally be tax-deferred (and reduce a Unitholder's cost base in the Unit for tax purposes). Moreover, the after-tax return from an investment in Units may be affected by the level of foreign tax, if any, payable on amounts that give rise to distributable income of the REIT.

The Underwriters, as principals, conditionally offer the Units, subject to prior sale, if, as and when issued by us and accepted by the Underwriters in accordance with the conditions contained in the Underwriting Agreement referred to under "Plan of Distribution" and subject to the approval of certain legal matters on our behalf by Osler, Hoskin & Harcourt LLP, with respect to securities and other matters, and Wilson & Partners LLP, a law firm affiliated with PricewaterhouseCoopers LLP, with respect to certain tax matters and on behalf of the Underwriters by Torsys LLP.

Subscriptions will be received subject to rejection or allotment in whole or in part and the right is reserved by the Underwriters to close the subscription books at any time without notice. It is expected that definitive certificates

representing the Units will be available for delivery at closing, which is expected to occur on or about June 6, 2013, or such other date as we and the Underwriters may agree, but in any event not later than June 13, 2013.

The REIT is not a trust company and is not registered under applicable legislation governing trust companies as it does not carry on the business of a trust company. The Units are not “deposits” within the meaning of the Canada Deposit Insurance Corporation Act, and are not insured under the provisions of that Act or any other legislation.

In addition, Dundee Securities Ltd. is an indirect subsidiary of Dundee Corporation. FORWARD-LOOKING INFORMATION

This short form prospectus contains or incorporates by reference forward-looking information. Statements other than statements of historical fact contained in or incorporated by reference into this short form prospectus may be forward-looking information. Forward-looking statements generally can be identified by the use of forward-looking terminology such as “outlook”, “objective”, “may”, “will”, “expect”, “intent”, “estimate”, “anticipate”, “believe”, “should”, “plans”, or “continue”, or similar expressions suggesting future outcomes or events. They include, but are not limited to, statements with respect to expectations, projections or other characterizations of future events or circumstances, and our objectives, goals, strategies, beliefs, intentions, plans, estimates, projections and outlook, including statements relating to the plans and objectives of our Board of Trustees, or estimates or predictions of actions of customers, suppliers, competitors or regulatory authorities and statements regarding our future economic performance and potential acquisitions. We have based these forward-looking statements on our current expectations about future events. Some of the specific forward-looking statements included or incorporated by this short form prospectus include, but are not limited to, statements with respect to: (i) our intention to provide stable, sustainable and growing cash flows through investments in commercial real estate located outside of Canada and our other stated objectives; (ii) our intention to make regular monthly cash distributions; (iii) our ability to execute our business and growth strategies, including by making additional acquisitions of properties in our target markets, in particular, the potential acquisitions described under “Recent Developments” in this prospectus; and (iv) our access to available sources of debt and equity financing.

Forward-looking statements do not take into account the effect of transactions or other items announced or occurring after the statements are made. For example, they do not include the effect of dispositions, acquisitions, other business transactions, asset write-downs or other charges announced or occurring after the forward-looking statements are made.

Although we believe that the expectations reflected in such forward-looking information are reasonable, we can give no assurance that these expectations will prove to have been correct, and since forward-looking information inherently involves risks and uncertainties, undue reliance should not be placed on such information. The estimates and assumptions, which may prove to be incorrect, include, but are not limited to, the various assumptions set forth in this short form prospectus as well as the following: (i) that we will receive financing on acceptable terms; (ii) that our future level of indebtedness and our future growth potential will remain consistent with our current expectations; (iii) that there will be no changes to tax laws adversely affecting our financing capability, operations, activities, structure or distributions; (iv) that we will retain and continue to attract qualified and knowledgeable personnel as we expand our portfolio and business; (v) that the impact of the current economic climate and the current global financial conditions on our operations, including our financing capability and asset value, will remain consistent with our current expectations; (vi) that there will be no material changes to government and environmental regulations adversely affecting our operations; (vii) that conditions in the international and, in particular, the German real estate market, including competition for acquisitions, will be consistent with the current climate; (viii) that capital markets will continue to provide us with ready access to equity and/or debt financing; and (ix) that there will not be a material change in foreign exchange rates, particularly between the Euro and the Canadian dollar.

Certain material factors or assumptions are applied in making forward-looking statements and actual results may differ materially from those expressed or implied in such forward-looking statements. The forward-looking statements are subject to inherent uncertainties and risks, including, but not limited to the factors referred to under the heading “Risk Factors” in this short form prospectus under the heading “Risk Factors” in our Annual Information Form and under the heading “Risks and Our Strategy to Manage” in our 2012 MD&A. Consequently, actual results and events may vary significantly from those included in, contemplated or implied by such statements.

The forward-looking information contained in or incorporated by reference into this short form prospectus is expressly qualified in its entirety by these cautionary statements. All forward-looking information in this short form prospectus speaks as of the date of this short form prospectus. We do not undertake any obligation to update any such forward-looking information, whether as a result of new information, future events or otherwise, except as required by applicable law. Additional information about these assumptions and risks and uncertainties is contained in our filings with securities regulators, including our Annual Information Form, which are available on SEDAR at www.sedar.com. These filings are also available on our website at www.dundeeinternational.com.

TERMS USED TO DESCRIBE THE REIT AND ITS ACTIVITIES

Capitalized terms used in this short form prospectus are defined under “Glossary of Terms”.

Our investment and operating activities are limited, because our operating activities are carried out by our subsidiaries and the Dundee FCPs. For simplicity, we use terms in this short form prospectus to refer to our investments and operations as a whole. Accordingly, in this short form prospectus, unless the context otherwise requires, when we use terms such as “we”, “us” and “our”, we are referring to the REIT and its subsidiaries and the Dundee FCPs. When we use expressions such as “our investments” or “our operations”, we are referring to the investments and operations of the REIT and its subsidiaries and the Dundee FCPs as a whole. When we use expressions such as “our properties”, “our portfolio”, “we own” or “we invest in” in relation to our properties, we are referring to our ownership of and investment in our properties indirectly through our subsidiaries. When we use expressions such as “we operate”, we are referring to our operations through our subsidiaries and through the Dundee FCPs. When we refer to the “REIT”, we are referring only to Dundee International Real Estate Investment Trust. When we refer to “our initial public offering”, we are referring to the initial public offering of the REIT which was completed on August 3, 2011.

Legal title to the Initial Properties is registered in the name of Lorac in the German land registers. Lorac holds such legal title, acting as management company in its own name but for the account of the respective Dundee FCPs. When we refer to “our acquisition” of the Initial Properties or that we “acquired” the Initial Properties, we are referring to: (i) the reallocation of all of the rights, claims and other interests and all risks and obligations of Sub-Fund I in the Initial Properties to the Dundee FCPs; (ii) our acquisition of the fixtures pertaining to the Initial Properties; and (iii) our acquisition of 50% of the voting and equity shares of Lorac, as described in this short form prospectus or the documents incorporated by reference in this short form prospectus.

When we refer to Deutsche Post as being the lessee or the tenant of the Initial Properties, we are referring to DPI, which is a wholly-owned subsidiary of Deutsche Post. Deutsche Post has provided a letter of support with respect to DPI and its ability to carry out its obligations under leases for the Initial Properties.

All information incorporated by reference into this short form prospectus with respect to occupancy rates, expiry dates, average contract rent and premium of market rent over contract rent of the Initial Properties does not give effect to the rent supplement described in the information incorporated by reference into this short form prospectus. Where we refer to the term “market rent”, we have estimated market rent through reference to recent leasing activity in the market, leasing interest in the Initial Properties and publicly available market research.

In this short form prospectus, references to “\$”, “dollars” or “Canadian dollars” are to Canadian dollars and references to “€” or “Euros” are to Euros. Amounts are stated in Canadian dollars unless otherwise indicated. Under the section “Recent Developments”, references to purchase or sales prices denominated in Euros have been converted into the Canadian dollar equivalent using an exchange rate of \$1.3128 per Euro.

THE REIT

We provide investors with the opportunity to gain exposure to commercial real estate exclusively outside of Canada. As at March 31, 2013, our portfolio consisted of 300 properties comprising approximately 15.0 million square feet of GLA located in Germany. Dundee Realty Corporation is our asset manager. Our Units are listed on the TSX under the trading symbol DI.UN.

The REIT is an unincorporated, open-ended real estate investment trust governed by the laws of Ontario. The REIT is a “mutual fund trust” as defined in the Tax Act, but is not a “mutual fund” within the meaning of applicable Canadian securities legislation. Our head office is located at 30 Adelaide Street East, Suite 1600, Toronto, Ontario, M5C 3H1. A copy of our Declaration of Trust is available from our Secretary during the period of distribution of the Units and is available on SEDAR at www.sedar.com.

We are exempt from the SIFT Legislation as long as we comply at all times with our investment guidelines which, among other things, only permit us to invest in properties or assets located outside of Canada. We do not rely on the REIT Exception under the Tax Act in order to be exempt from the SIFT Legislation. As a result, we are not subject to the same restrictions on our activities as those which apply to Canadian real estate investment trusts that do rely on the REIT Exception. This gives us flexibility in terms of the nature and scope of our investments and other activities. Because we do not own taxable Canadian property (as defined in the Tax Act), we are not subject to restrictions on our ownership by non-Canadian investors.

RECENT DEVELOPMENTS

Acquisitions and Dispositions

We have completed approximately \$777.2 million of acquisitions to date in 2013, including the acquisition of the 1.5 million square foot SEB portfolio in Germany which was completed in March 2013. Under applicable Canadian securities laws, the acquisition of the SEB portfolio was considered a “significant acquisition”. The business acquisition report of the REIT relating to this acquisition is incorporated by reference into this short form prospectus.

On April 30, 2013, we completed the acquisition of the Löwenkontor office property located at Beuthstrasse 6-8 and Seydelstrasse 2-5 (“**Löwenkontor**”) in Berlin for \$55.0 million (excluding transaction costs). The property comprises approximately 258,000 square feet of GLA, has an occupancy rate of 95% and a weighted average remaining lease term of 9.1 years. We acquired the property at a cap rate of 6.9% and obtained mortgage financing with a face rate of 2.37% for a term of 5 years.

On May 1, 2013, we completed two dispositions of office properties located at Berliner-Tor-Platz 1 in Wesel and Lotzbeckstr. 4 in Lahr for an aggregate sales price of approximately \$4.1 million (excluding closing costs).

We are currently at various stages of due diligence on property acquisitions located in Munich, Stuttgart, Dusseldorf and Hamburg, Germany with a combined purchase price of €269.3 million (\$353.5 million). This includes two office properties, one located in Stuttgart and the other in Munich, Germany for which we are in exclusive negotiations. These two properties together comprise approximately 408,800 square feet of gross leasable area and have a weighted average occupancy of approximately 97%. The total combined purchase price for these properties is anticipated to be approximately €94.84 million (\$124.5 million). The two properties are institutional quality assets having an average age of approximately 18 years. They are leased to a total of 18 tenants with a weighted average lease term of 6.5 years. The top three tenants of the properties include a German state tenant, a municipal government tenant and the financial arm of a major German manufacturer. We are seeking to acquire these two properties at an average cap rate of 6.6% which represents a spread of over 400 basis points over the five year borrowing rate.

We expect to continue our due diligence and negotiations in respect of these acquisitions and will actively pursue these and other acquisition and investment opportunities. However, there can be no assurance that any of these discussions will result in a definitive agreement or, if they do, what the terms or timing of any acquisition would be.

Current discussions and agreements regarding other proposed acquisitions and dispositions

In addition to the potential acquisitions referred to above, in the normal course, we are engaged in discussions with respect to possible acquisitions of new properties and dispositions of existing properties in our portfolio. The REIT has identified a number of assets for disposition and expects to continue to seek opportunities to sell properties in the future as part of the REIT's ongoing asset management strategy. We expect to continue negotiations in respect of these acquisitions and dispositions and will actively pursue these and other acquisition, investment and disposition opportunities. However, there can be no assurance that any of these discussions will result in a definitive agreement and, if they do, what the terms or timing of any acquisition or disposition would be.

CONSOLIDATED CAPITALIZATION

The changes in our consolidated capitalization from April 1, 2013 to May 21, 2013 are as follows:

- indebtedness increased by \$36.4 million as a result of (i) a \$36.6 million mortgage placed in connection with the acquisition of Löwenkontor; less (ii) \$0.2 million of scheduled principal repayments; and
- Unitholders' equity increased by \$1.0 million due to the issuance of 92,934 Units pursuant to the DRIP and 4,250 Units pursuant to the vesting of Deferred Units on May 10, 2013.

As a result of the issuance of Units by the REIT under this offering, Unitholders' equity would increase by approximately \$119.6 million (\$137.6 million if the Over-Allotment Option is exercised in full).

PLAN OF DISTRIBUTION

Pursuant to the Underwriting Agreement, we have agreed to sell and the Underwriters have severally agreed to purchase, subject to the terms and conditions contained in the Underwriting Agreement, on June 6, 2013 or on such other date as may be agreed between the REIT and the Underwriters but, in any event, not later than June 13, 2013, a total of 11,700,000 Units at a price of \$10.70 per Unit, payable in cash to the REIT against delivery. The Underwriting Agreement provides that we will pay to the Underwriters a fee of \$0.428 per Unit (an aggregate of \$5,007,600) in consideration for their services in connection with this offering.

The obligations of the Underwriters under the Underwriting Agreement are several and may be terminated at their discretion on the occurrence of certain stated events. The Underwriters are, however, obligated to take up and pay for all of the Units if any of such Units are purchased under the Underwriting Agreement.

We have granted to the Underwriters the Over-Allotment Option, exercisable in whole or in part for a period of 30 days from the closing of this offering, to purchase up to 1,755,000 additional Units from us on the same terms as set out above solely to cover over-allotments, if any. We have agreed to pay to the Underwriters a fee of \$0.428 per Unit with respect to Units issued under the Over-Allotment Option. This short form prospectus qualifies the grant of the Over-Allotment Option and the issuance of Units on the exercise of the Over-Allotment Option. A purchaser who acquires Units forming part of the Underwriters' over-allocation position acquires such Units under this short form prospectus, regardless of whether the over-allocation position is ultimately filled through the exercise of the Over-Allotment Option or secondary market purchases.

This offering is being made in each of the provinces of Canada. The Units offered hereby have not been, and will not be, registered under the 1933 Act or the securities laws of any state of the United States, and accordingly may not be offered, sold or delivered, directly or indirectly, within the United States, except in transactions exempt from the registration requirements of the 1933 Act and applicable state securities laws. The Underwriters have agreed that they will not offer or sell the Units within the United States, except in accordance with the Underwriting Agreement pursuant to an exemption from the registration requirements of the 1933 Act provided by Rule 144A thereunder to "qualified institutional buyers" (as defined in Rule 144A under the 1933 Act) in transactions that are exempt from the registration requirements under the 1933 Act and in compliance with applicable state securities laws. This short form prospectus does not constitute an offer to sell or a solicitation of an offer to buy any of the Units in the United States. In addition, until 40 days after the commencement of this offering, an offer or sale of Units within the United States by any dealer (whether or not participating in this offering) may

violate the registration requirements of the 1933 Act unless such offer is made pursuant to an exemption under the 1933 Act.

We have agreed to indemnify the Underwriters and their directors, officers and employees against certain liabilities pursuant to the Underwriting Agreement, including liabilities under Canadian securities legislation.

We have agreed that we will not, directly or indirectly, without the prior written consent of TD Securities Inc., on behalf of the Underwriters, issue, offer, sell, grant any option to purchase or otherwise dispose of (or announce any intention to do so) any equity securities of the REIT or any securities convertible into or exchangeable or exercisable for equity securities of the REIT for a period ending on the date that is 90 days after the closing of this offering, except (i) pursuant to the exercise of convertible or exchangeable securities, options or warrants to purchase units which are outstanding on the date hereof or have been issued with the consent of TD Securities Inc.; (ii) as full or partial consideration for arm's length acquisitions of assets or shares; and (iii) units issued pursuant to our DRIP or Deferred Unit Incentive Plan.

Dundee Corporation and Dundee Realty Corporation have each agreed that they will not, directly or indirectly, without the prior written consent of TD Securities Inc., on behalf of the Underwriters, offer, sell or otherwise dispose of (or announce any intention to do so) any equity securities of the REIT or any securities convertible into or exchangeable or exercisable for equity securities of the REIT for a period ending on the date that is 90 days after the closing of this offering, except in certain limited circumstances.

Dundee Corporation has waived its pre-emptive right under the Declaration of Trust in connection with this offering.

We have applied to list the Units to be issued by the REIT on the TSX. Listing will be subject to the REIT fulfilling all of the requirements of the TSX.

Subscriptions will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice.

The Underwriters propose to offer the Units initially at the offering price specified on the cover page of this short form prospectus. After the Underwriters have made a reasonable effort to sell all of the Units at the price specified on the cover page, the offering price may be decreased and may be further changed from time to time to an amount not greater than that set out on the cover page, and the compensation realized by the Underwriters will be decreased by the amount that the aggregate price paid by purchasers for the Units is less than the price paid by the Underwriters to the REIT.

Pursuant to policy statements of certain securities regulators, the Underwriters may not, throughout the period of distribution, bid for or purchase Units other than pursuant to the Underwriting Agreement. The foregoing restriction is subject to certain exceptions including: (i) a bid or purchase permitted under the Universal Market Integrity Rules for Canadian Marketplaces of the Investment Industry Regulatory Organization of Canada and under similar provisions of policy statements of certain securities regulators; and (ii) a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution, provided that the bid or purchase was not engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, such securities.

In connection with this offering, the Underwriters may over-allot or effect transactions that stabilize or maintain the market price of the Units offered hereby at levels other than those which otherwise might prevail on the open market, including:

- stabilizing transactions;
- short sales;
- purchases to cover positions created by short sales;
- imposition of penalty bids; and

- syndicate covering transactions.

Stabilizing transactions consist of bids or purchases made for the purpose of preventing or retarding a decline in the market price of Units while this offering is in progress. These transactions may also include making short sales of Units, which involve the sale by the Underwriters of a greater number of Units than they are required to purchase in this offering. Short sales may be “covered short sales”, which are short positions in an amount not greater than the Over-Allotment Option, or may be “naked short sales”, which are short positions in excess of that amount.

The Underwriters may close out any covered short position either by exercising the Over-Allotment Option, in whole or in part, or by purchasing Units in the open market. In making this determination, the Underwriters will consider, among other things, the price of Units available for purchase in the open market compared to the price at which they may purchase Units through the Over-Allotment Option. The Underwriters must close out any naked short position by purchasing Units in the open market. A naked short position is more likely to be created if the Underwriters are concerned that there may be downward pressure on the price of the Units in the open market that could adversely affect investors who purchase in this offering. Any naked short position would form part of the Underwriters’ over-allocation position.

As a result of these activities, the price of the Units offered hereby may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the Underwriters at any time. The Underwriters may carry out these transactions on the TSX, in the over-the-counter market or otherwise.

One of the Underwriters, Dundee Securities Ltd., is a related issuer of our asset manager, Dundee Realty Corporation. In addition, Dundee Securities Ltd. is an indirect subsidiary of Dundee Corporation. Dundee Corporation, together with its subsidiaries (including Dundee Realty Corporation), holds approximately 13% of our Units. Accordingly, we are a related issuer of Dundee Securities Ltd. for the purposes of applicable Canadian securities legislation. Furthermore, Brydon Cruise, the President and Managing Partner of Brookfield Financial Corp. is a Trustee. Accordingly, we may be a connected issuer to Brookfield Financial Corp. for the purposes of applicable Canadian securities legislation. The terms of the offering of the Units were negotiated at arm’s length between TD Securities Inc. (of which we are neither a related issuer nor a connected issuer) and us. The Underwriters participated in the drafting of this short form prospectus, the negotiation of the pricing of the Units and the due diligence process in respect of this offering.

Neither Dundee Securities Ltd. nor Brookfield Financial Corp. will receive any benefit in connection with this offering other than as described in this short form prospectus.

USE OF PROCEEDS

The net proceeds to the REIT from the sale of Units under this short form prospectus are estimated to be approximately \$120,182,400 (\$138,209,760 if the Over-Allotment Option is exercised in full) after deduction of the Underwriters’ fee, but before deducting the expenses of this offering, estimated to be \$625,000. We will use the net proceeds of this offering to fund future acquisitions, including acquisitions currently being evaluated, and for general trust purposes. See “Recent Developments”.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Wilson & Partners LLP, a law firm affiliated with PricewaterhouseCoopers LLP and special tax counsel to the REIT, and Torys LLP, counsel to the Underwriters (together, the “**Counsel**”), the following is, as of the date hereof, a summary of the principal Canadian federal income tax considerations generally applicable under the Tax Act to the acquisition, holding and disposition of Units by an investor who acquires such Units pursuant to this offering. This summary is applicable to an investor who at all relevant times, for purposes of the Tax Act, is or is deemed to be resident in Canada, deals at arm’s length and is not affiliated with the REIT and its Affiliates and holds the Units as capital property (in this section, a “**Unitholder**”). Generally, the Units will be considered to be capital property to a Unitholder provided that the Unitholder does not hold the Units in the course of carrying on a business and has not acquired them in one or more transactions considered to be an adventure or concern in the nature of trade. Certain Unitholders who might not otherwise be considered to hold their Units as

capital property may, in certain circumstances, be entitled to make an irrevocable election in accordance with subsection 39(4) of the Tax Act to have such Units, and any other “Canadian security” (as defined in the Tax Act) owned in the taxation year in which the election is made and in subsequent taxation years, deemed to be capital property. Unitholders who do not hold their Units as capital property should consult their own tax advisors regarding their particular circumstances.

This summary is not applicable to a Unitholder: (i) that is a “financial institution” for purposes of the mark-to-market rules; (ii) that is a “specified financial institution”; (iii) that has elected to determine its Canadian tax results in accordance with a “functional currency”; or (iv) an interest in which is a “tax shelter investment”, as each term is defined in the Tax Act. Such Unitholders should consult their own tax advisors to determine the tax consequences to them of the acquisition, holding and disposition of Units acquired pursuant to this offering. In addition, this summary does not address the deductibility of interest by an investor who has borrowed money to acquire Units under this offering, and assumes that no Unitholder has entered into or will enter into a “derivative forward agreement” (as that term is defined in proposed amendments contained in a Notice of Ways and Means Motion tabled by the Minister of Finance (Canada) on March 21, 2013) with respect to the Units.

This summary is based upon the provisions of the Tax Act, a certificate as to certain factual matters from an executive officer of the REIT, and Counsel’s understanding, based on publicly available published materials, of the administrative policies and assessing practices of the CRA, all in effect as of the date of this short form prospectus. This summary takes into account all specific proposals to amend the Tax Act that have been publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date of this short form prospectus (the “**Tax Proposals**”). Except for the Tax Proposals, this summary does not otherwise take into account or anticipate any changes in law, whether by legislative, governmental or judicial decision or action, or changes in CRA’s administrative policies and assessing practices, nor does it take into account provincial, territorial or foreign tax legislation or considerations, which may differ significantly from those discussed herein. This summary assumes that the Tax Proposals will be enacted as currently proposed, but no assurances can be given that this will be the case. There can be no assurances that CRA will not change its administrative policies and assessing practices.

This summary is not exhaustive of all possible Canadian federal income tax considerations applicable to an investment in the Units. Moreover, the income and other tax consequences of acquiring, holding or disposing of the Units will vary depending on the Unitholder’s particular circumstances. Accordingly, this summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any prospective investor of Units. Consequently, a prospective investor should consult the prospective investor’s own tax advisor for advice with respect to the tax consequences of an investment in Units based on the prospective investor’s particular circumstances.

Qualification as a Mutual Fund Trust

Based on representations as to certain factual matters from an officer of the REIT, the REIT has at all times qualified and is expected to continue to qualify at all material times as a “mutual fund trust” within the meaning of the Tax Act. This summary assumes this to be the case. This summary also assumes that the REIT will not be subject to the limit on non-resident ownership in the Tax Act because the REIT will not own any “taxable Canadian property” as defined in the Tax Act.

To qualify as a mutual fund trust the REIT, among other things, must (i) be a “unit trust” for purposes of the Tax Act; (ii) be resident in Canada; (iii) restrict its undertaking to: (a) the investing of its funds in property (other than real property or an interest in real property or an immovable or a real right in an immovable); (b) the acquiring, holding, maintaining, improving, leasing or managing of any real property (or interest in real property) or of any immovable (or real right in immovables) that is capital property of the REIT; or (c) any combination of the activities described in (a) or (b); and (iv) comply on a continuous basis with certain minimum requirements respecting the ownership and dispersal of Units (the “**minimum distribution requirements**”).

If the REIT were not to qualify as a mutual fund trust at any particular time, the income tax considerations described below would, in some respects, be materially and adversely different.

SIFT Legislation

The SIFT Legislation is applicable to a trust or a partnership that is a SIFT and their investors. Under the SIFT Legislation, a SIFT is not permitted to deduct any of its “non-portfolio earnings” (which includes its income from its “non-portfolio properties”) for a taxation year that it pays or makes payable in the taxation year to its investors. Such undeductible income is subject to tax in the SIFT at rates that approximate the combined federal and provincial corporate income tax rates. Distributions to the SIFT’s investors of such undeductible income are deemed to be taxable dividends from a taxable Canadian corporation, and investors are taxed accordingly.

The investment restrictions as set out in the Declaration of Trust and other governing documents of the Subsidiaries and the Dundee FCPs preclude the REIT or any of its Subsidiaries, including Dundee LP, from investing in any entity other than a “portfolio investment entity” or holding any “non-portfolio property”, as defined in the Tax Act. As a result, the SIFT Legislation should have no application to the REIT and its investors.

Taxation of the REIT

The taxation year of the REIT is the calendar year. In each taxation year, the REIT will generally be subject to tax under Part I of the Tax Act on its income for the year, including net taxable capital gains for that year and its allocated share of the income of Dundee LP for the fiscal period of Dundee LP ending on or before the year end of the REIT, less the portion thereof that it deducts in respect of the amounts paid or payable, or deemed to be paid or payable, to Unitholders in the year. An amount will be considered to be payable to a Unitholder in a taxation year if it is paid to the Unitholder in the year by the REIT or if the Unitholder is entitled in that year to enforce payment of the amount.

The REIT will, generally, not be subject to tax on any amounts received as distributions from Dundee LP. Generally, distributions to the REIT in excess of its allocated share of the income of Dundee LP for a fiscal year will result in a reduction of the adjusted cost base of the REIT’s LP Units by the amount of such excess. If the REIT’s adjusted cost base of its LP Units at the end of a taxation year of Dundee LP is a negative amount, the REIT will be deemed to realize a capital gain in such amount for that year, and the REIT’s adjusted cost base of its LP Units at the beginning of the next taxation year of Dundee LP will then be nil.

For the purposes of the Tax Act, all income of the REIT and its Subsidiaries must be calculated in Canadian currency. Where the REIT (or any of its Subsidiaries) holds investments denominated in foreign currencies, gains or losses may be realized by the REIT as a consequence of fluctuations in the relative value of the Canadian and foreign currencies.

In computing its income for purposes of the Tax Act, the REIT may deduct reasonable administrative costs and other reasonable expenses incurred by it for the purpose of earning income. The REIT may also deduct from its income for the year a portion of any reasonable expenses incurred by the REIT to issue Units. The portion of such issue expenses deductible by the REIT in a taxation year is 20% of such issue expenses, prorated where the REIT’s taxation year is less than 365 days.

Having regard to the present intention of the Trustees, the REIT is required to make distributions in each year to Unitholders in an amount sufficient to ensure that the REIT will generally not be liable for tax under Part I of the Tax Act in any year (after taking into account any applicable tax refunds to the REIT). Where income of the REIT in a taxation year exceeds the total cash distributions for that year, such excess income may be distributed to Unitholders in the form of additional Units. Income of the REIT payable to Unitholders, whether in cash, additional Units or otherwise, will generally be deductible by the REIT in computing its taxable income.

Losses incurred by the REIT cannot be allocated to Unitholders, but can be deducted by the REIT in future years in computing its taxable income, in accordance with the Tax Act. In the event the REIT would otherwise be liable for tax on its net taxable capital gains realized by the REIT for a taxation year, it will be entitled for each taxation year to reduce (or receive a refund in respect of) its liability, if any, for such tax by an amount determined under the Tax Act based on the redemption of Units during the year (the “**capital gains refund**”). In certain circumstances, the capital gains refund in a particular taxation year may not completely offset the REIT’s tax liability for the taxation year arising in connection with the transfer of property *in specie* to redeeming Unitholders on the redemption of Units and the related *in specie* redemption by the REIT of any Subsidiary Securities. The

Declaration of Trust provides that all or a portion of any capital gain or income realized by the REIT in connection with such redemptions may, at the discretion of the Trustees, be treated as capital gains or income paid to, and designated as capital gains or income of, the redeeming Unitholder. Such income or the taxable portion of any capital gain so designated must be included in the income of the redeeming Unitholders (as income or taxable capital gains) and will be deductible by the REIT in computing its income.

An *in specie* redemption of any Subsidiary Securities and the transfer by the REIT of Subsidiary Securities to redeeming Unitholders will each be treated as a disposition by the REIT of such Subsidiary Securities for proceeds of disposition equal to the fair market value thereof. The REIT will realize a capital gain (or a capital loss) to the extent that the proceeds from these dispositions exceed (or are less than) the adjusted cost base of the Subsidiary Securities, as the case may be, and any reasonable costs of disposition.

The Tax Act contains rules (as proposed to be amended in the Tax Proposals contained in Bill C-48, which completed second reading in the House of Commons on March 8, 2013) which may require a taxpayer, including the REIT, to include in income in each taxation year an amount in respect of the holding of an “offshore investment fund property”. The offshore investment fund property rules may apply to the REIT in respect of the acquisition and holding of LP Units if, but only if: (a) the value of such LP Units may reasonably be considered to be derived, directly or indirectly, primarily from portfolio investments in (i) shares of the capital stock of one or more corporations, (ii) indebtedness or annuities, (iii) interests in one or more corporations, trusts, partnerships, organizations, funds or entities, (iv) commodities, (v) real estate, (vi) Canadian or foreign resource properties, (vii) currency of a country other than Canada, (viii) rights or options to acquire or dispose of any of the foregoing, or (ix) any combination of the foregoing (“**Investment Assets**”); and (b) it may reasonably be concluded, having regard to all the circumstances, that one of the main reasons for the REIT acquiring, holding or having an interest in the LP Units was to derive a benefit from portfolio investments in any Investment Assets in such a manner that the taxes, if any, on the income, profits and gains from such assets for any particular year are significantly less than the tax that would have been applicable under Part I of the Tax Act if the income, profits and gains had been earned directly by the REIT. In making this determination, the Tax Act provides that regard must be had to all of the circumstances, including: (i) the nature, organization and operation of Dundee LP and the form of, and the terms and conditions governing the REIT’s interest in, or connection with Dundee LP; (ii) the extent to which any income, profit and gains that may reasonably be considered to be earned or accrued, whether directly or indirectly, for the benefit of Dundee LP is subject to an income or profits tax that is significantly less than the income tax that would be applicable to such income, profits and gains if they were earned directly by the REIT; and (iii) the extent to which any income, profits and gains of Dundee LP for any fiscal period is distributed in that or the immediately following fiscal period. If applicable, these rules would generally require the REIT to include in its income for each taxation year in which the REIT owns LP Units the amount, if any, by which (i) an imputed return from the taxation year computed on a monthly basis and calculated as the product obtained when the REIT’s “designated cost” (within the meaning of the Tax Act) in such interests at the end of a month, is multiplied by 1/12th of the applicable prescribed rate plus 2% for the period that includes such month, exceeds (ii) the REIT’s income for the year (other than a capital gain) in respect of such interests determined without reference to these rules. Any amount required to be included in computing the REIT’s income in respect of an offshore investment fund property would be added to the adjusted cost base to the REIT of property.

As noted above, the application of the offshore investment fund property rules will depend, in part, on the reasons for the REIT acquiring or holding the LP Units. An executive officer of the REIT has advised Counsel that the REIT has not and will not hold or have an interest in the LP Units where it may reasonably be considered, having regard to all the circumstances, that one of the main reasons for the REIT holding or having the interest is to derive a benefit in the circumstances described above. Based on this determination, the offshore investment property rules should not apply to the REIT.

Taxation of Dundee LP

Dundee LP is not subject to tax under the Tax Act. Each Canadian partner of Dundee LP, including the REIT, is required to include (or, subject to the “at-risk rules” described below, entitled to deduct) in computing its income for a particular taxation year, the partner’s share of the income (or loss) of Dundee LP for its fiscal year ended in or coincident with the partner’s taxation year end, whether or not any such income is distributed to the partner in the taxation year. For this purpose, the income (or loss) of Dundee LP will be computed for each fiscal year as if it were a separate person resident in Canada. In computing the income (or loss) of Dundee LP, Dundee LP is entitled to deduct its reasonable administrative costs, interest and other expenses incurred by it to earn income,

subject to the relevant provisions of the Tax Act. The income (including taxable capital gains) or loss of Dundee LP for a fiscal year will be allocated to the partners of Dundee LP, including the REIT, in the manner set out in the Dundee LP Agreement, subject to the detailed rules in the Tax Act in that regard.

If Dundee LP incurs a loss for tax purposes, the REIT will be entitled to deduct in computing its income its share of such loss to the extent that the REIT's investment is considered to be "at risk" within the meaning of the Tax Act. In general, the amount considered to be "at risk" for an investor in a limited partnership for any taxation year will be the adjusted cost base of the investor's partnership interest at the end of the year, plus any undistributed income allocated to the limited partner for the year and minus the amount of any guarantee or indemnity provided to a limited partner against the loss of the limited partner's investment.

Each of the Subsidiaries other than Dundee GP, will be a "foreign affiliate" ("FA") and a "controlled foreign affiliate" ("CFA") of Dundee LP for purposes of the Tax Act. For the purposes of computing its income, Dundee LP has determined that the Dundee FCPs should be characterized as contractual co-ownership arrangements and not as corporations, trusts or partnerships. Therefore, for the purposes of the Tax Act, any income or loss of the Dundee FCPs will be computed at the level of the Dundee FCP Unitholders. Lorac is expected to be a FA but not a CFA of Dundee LP.

It is expected that the income earned by the CFAs will qualify as "foreign accrual property income" ("FAPI") for purposes of the Tax Act. Any FAPI earned in a particular taxation year of a CFA must be included in computing the income of Dundee LP for the fiscal year of Dundee LP in which the taxation year of the CFA ends, subject to a deduction for grossed-up "foreign accrual tax" as computed in accordance with the Tax Act, whether or not Dundee LP actually receives a distribution of FAPI in that fiscal year. The adjusted cost base to Dundee LP of its shares in Dundee Gibraltar will be increased by the net amount so included in the income of Dundee LP. At such time as Dundee LP receives a dividend of amounts that were previously included in its income as FAPI, that dividend will effectively not be taxable to Dundee LP and there will be a corresponding reduction in the adjusted cost base to Dundee LP of its shares of Dundee Gibraltar. If a CFA makes a distribution to Dundee Lux Holdco that is in excess of the FAPI of such CFA, such excess amount will reduce Dundee Lux Holdco's adjusted cost base of its shares of such CFA. In the event that the reduction results in a negative amount, Dundee Lux Holdco will be deemed to realize a capital gain equal to such amount, and one-half of the capital gain will be included in the FAPI of Dundee Lux Holdco. Further distributions from Dundee Lux Holdco to Dundee Gibraltar of the amount that gives rise to the capital gain will not result in any deemed capital gain in Dundee Gibraltar.

Counsel has been advised that it is expected that, in general, the FAPI (other than FAPI resulting from changes in foreign currency exchange rates) will be fully distributed by the CFAs at the time it is earned or received. Dundee LP's net FAPI, if any, will be allocated to the REIT, as income from property, in accordance with Dundee LP's net income sharing ratio.

Taxation of Unitholders

Distributions on Units

A Unitholder is generally required to include in computing income for a particular taxation year the portion of the net income of the REIT for the taxation year of the REIT ending on or before the particular taxation year end of the Unitholder, including net taxable capital gains (determined for the purposes of the Tax Act), that is paid or payable, or deemed to be paid or payable, to the Unitholder in the particular taxation year, whether or not those amounts are received in cash, additional Units or otherwise.

The non-taxable portion of any net capital gains of the REIT that is paid or payable, or deemed to be paid or payable, to a Unitholder in a taxation year will not be included in computing the Unitholder's income for the year.

Any other amount in excess of the net income and net taxable capital gains of the REIT that is paid or payable, or deemed to be paid or payable, by the REIT to a Unitholder in a taxation year, including the further bonus distribution reinvested in Units under the DRIP, will not generally be included in the Unitholder's income for the year. A Unitholder will be required to reduce the adjusted cost base of its Units by the portion of any amount (other than proceeds of disposition in respect of the redemption of Units and the non-taxable portion of net capital gains)

paid or payable to such Unitholder that was not included in computing the Unitholder's income and will realize a capital gain to the extent that the adjusted cost base of the Unitholder's Units would otherwise be a negative amount.

Provided that appropriate designations are made by the REIT, such portions of the net taxable capital gains and foreign source income as are paid or payable, or deemed to be paid or payable to the Unitholders will effectively retain their character and be treated and taxed as such in the hands of the Unitholders for purposes of the Tax Act and Unitholders may be entitled to claim a foreign tax credit for foreign taxes paid by the REIT. To the extent that amounts are designated as having been paid to the Unitholders out of the net taxable capital gains of the REIT, such designated amounts will be deemed for tax purposes to be received by the Unitholders in the year as a taxable capital gain and will be subject to the general rules relating to the taxation of capital gains described below.

Dispositions of Units

On the disposition or deemed disposition of a Unit by a Unitholder, whether on redemption or otherwise, the Unitholder will generally realize a capital gain (or a capital loss) equal to the amount by which the proceeds of disposition exceed (or are less than) the aggregate of the Unitholder's adjusted cost base of the Unit and any reasonable costs of disposition. Proceeds of disposition will not include an amount payable by the REIT that is otherwise required to be included in the Unitholder's income (such as an amount designated as payable by the REIT to a redeeming Unitholder out of capital gains or income of the REIT as described above).

For the purpose of determining the adjusted cost base to a Unitholder, when a Unit is acquired, the cost of the newly-acquired Unit will be averaged with the adjusted cost base of all of the Units owned by the Unitholder as capital property immediately before that acquisition. The adjusted cost base of a Unit to a Unitholder will include all amounts paid by the Unitholder for the Unit, with certain adjustments. The cost to a Unitholder of Units received in lieu of a cash distribution of income of the REIT will be equal to the amount of such distribution that is satisfied by the issuance of such Units. The cost of Units acquired on the reinvestment of distributions under the DRIP will be the amount of such investment. There will be no net increase or decrease in the aggregate adjusted cost base of all of a Unitholder's Units as a result of the receipt of the further bonus distribution reinvested in Units under the DRIP; however, the adjusted cost base per Unit will be reduced.

Where the redemption price for Units is paid and satisfied by way of a distribution *in specie* to the Unitholders of Subsidiary Securities, the proceeds of disposition to the Unitholder of the Units will be equal to the fair market value of the property so distributed less any income or capital gain realized by the REIT as a result of the redemption of those Units to the extent such income or capital gain is designated by the REIT to the redeeming Unitholder. Where income or capital gain realized by the REIT as a result of the redemption of Units has been so designated by the REIT, the Unitholder will be required to include in computing its income for tax purposes the income and the taxable portion of the capital gain so designated. The cost of any Subsidiary Security distributed by the REIT to a Unitholder upon redemption of Units will generally be equal to the fair market value of such Subsidiary Security at the time of distribution.

Taxation of Capital Gains and Losses

One-half of any capital gains realized by a Unitholder and the amount of any net taxable capital gains designated by the REIT in respect of a Unitholder will generally be included in the Unitholder's income as a taxable capital gain. One-half of any capital loss realized by a Unitholder on the disposition, or deemed disposition, of a Unit, may generally be deducted only from taxable capital gains of the Unitholder in the year of disposition, in the three preceding taxation years or in any subsequent taxation years, to the extent and under the circumstances described in the Tax Act.

Where a Unitholder that is a corporation or a trust (other than a mutual fund trust) disposes of a Unit, the Unitholder's capital loss from the disposition will generally be reduced by the amount of any dividends received by the REIT previously designated by the REIT to the Unitholder, to the extent and under the circumstances prescribed in the Tax Act. Analogous rules apply where a corporation or trust (other than a mutual fund trust) is a member of a partnership that disposes of Units.

Refundable Tax

A Unitholder that is a “Canadian-controlled private corporation” (as defined in the Tax Act) may be liable to pay an additional refundable tax of 6⅔% on investment income, including taxable capital gains from designations by the REIT on income distributed by the REIT to Unitholders or from dispositions or deemed dispositions of Units by the Unitholder.

Alternative Minimum Tax

A Unitholder who is an individual or a trust (other than certain specified trusts) may have an increased liability for alternative minimum tax as a result of capital gains realized on a disposition of Units and net income of the REIT, paid or payable, or deemed to be paid or payable, to a Unitholder and that is designated as net taxable capital gains.

ELIGIBILITY FOR INVESTMENT

In the opinion of Counsel, based on representations of the REIT as to certain factual matters and subject to the qualifications and assumptions given under the heading “Certain Canadian Federal Income Tax Considerations”, Units will be qualified investments under the Tax Act for Plans. If the REIT ceases to qualify as a “mutual fund trust” under the Tax Act and the Units cease to be listed on a designated stock exchange (which includes the TSX), the Units will not be qualified investments under the Tax Act for Plans. Subsidiary Securities received as a result of a redemption *in specie* of Units may not be qualified investments for Plans, and this could give rise to adverse consequences to such Plan or the holder of or the annuitant or beneficiary under that Plan. Accordingly, Plans that own Units should consult their own tax advisors before deciding to exercise the redemption rights attached to the Units.

Notwithstanding the foregoing, a holder of a TFSA or an annuitant under an RRSP or RRIF, as the case may be, will be subject to a penalty tax if the Units held in the TFSA, RRSP or RRIF are a “prohibited investment” as defined in the Tax Act for the TFSA, RRSP or RRIF. The Units will generally be a “prohibited investment” for trusts governed by a TFSA, RRSP or RRIF if the holder of the TFSA or the annuitant under the RRSP or RRIF, as applicable, (i) does not deal at arm’s length with the REIT for the purposes of the Tax Act, (ii) has a “significant interest”, as defined in the Tax Act, in the REIT or (iii) has a “significant interest”, as defined in the Tax Act, in a person, partnership or trust with which the REIT does not deal at arm’s length for purposes of the Tax Act. Tax Proposals released on December 21, 2012 propose to delete the condition in (iii) above. In addition, pursuant to such Tax Proposals the Units will generally not be a “prohibited investment” if the Units are “excluded property” (as defined in the Tax Proposals). Holders of a TFSA and annuitants under a RRSP or RRIF should consult their own tax advisors as to whether the Units will be a “prohibited investment” in their particular circumstances.

RISK FACTORS

An investment in Units is subject to a number of risks, including those set forth in our Annual Information Form and in our 2012 MD&A. Prospective investors should carefully consider these risks before purchasing Units.

Dilution

While the net proceeds to the REIT of this offering are expected to be applied towards the uses specified in “Use of Proceeds”, to the extent that any of the net proceeds of this offering remain uninvested pending their use, or are used to pay down indebtedness with a low interest rate, this offering may result in substantial dilution, on a per Unit basis, to our net income and other measures used by us.

PROMOTER

Dundee Realty Corporation was the promoter of the REIT in connection with our initial public offering. Dundee Realty Corporation holds 2,800,000 Units, representing approximately 3% of our Units. See “Prior Sales”. Dundee Realty Corporation is our asset manager and receives fees from us pursuant to the asset management agreement described in the section “Real Estate Management and Advisory Services – Asset Management” in our Annual Information Form.

The transfer agent and registrar of the Units is Computershare Trust Company of Canada at its principal offices in Toronto, Ontario.

UNDERTAKINGS TO SECURITIES REGULATORY AUTHORITIES

The REIT has undertaken to securities regulatory authorities in each of the provinces of Canada that, for as long as it is a reporting issuer, (i) in complying with its reporting issuer obligations, the REIT will treat Lorac, which is the registered owner of the Initial Properties, as a subsidiary of the REIT with respect to the Initial Properties and any other properties held by Lorac for the benefit of the REIT or its subsidiaries (and not with respect to any other properties owned by Lorac); however, if generally accepted accounting principles (“GAAP”) used by the REIT prohibit the consolidation of financial information of Lorac with respect to the Initial Properties and any other properties held by Lorac for the benefit of the REIT or its subsidiaries, on the one hand, and the REIT, on the other hand, then for as long as the REIT’s interest in Lorac (including any of its significant business interests relating to the Initial Properties or any other properties held by Lorac for the benefit of the REIT or its subsidiaries) represents a significant asset of the REIT, the REIT will provide unitholders with separate audited annual financial statements

and interim financial reports, prepared in accordance with the same GAAP as the REIT's financial statements, and related management's discussion and analysis, prepared in accordance with National Instrument 51-102 – *Continuous Disclosure Obligations* or its successor, for Lorac (but only with respect to the Initial Properties or any other properties held by Lorac for the benefit of the REIT or its subsidiaries, and including information about any of its significant business interests relating to the Initial Properties or any other properties held by Lorac for the benefit of the REIT or its subsidiaries); and (ii) it will annually certify that it has complied with this undertaking, and file the certificate on SEDAR concurrently with the filing of its annual financial statements.

In addition, the REIT has undertaken to securities regulatory authorities in each of the provinces of Canada that, for as long as it is a reporting issuer, it will require each of the Class B Managers of Lorac to: (i) file insider reports about trades in Units (including securities exchangeable into Units); and (ii) comply with statutory prohibitions against insider trading in accordance with applicable Canadian securities laws, in each case, subject to any exemptions to insider reporting requirements that may be available under applicable Canadian securities laws to insiders or reporting insiders under such laws. The REIT will annually certify in the certificate referred to above that it has complied with this undertaking.

PURCHASERS' STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a short form prospectus and any amendment thereto. In several of the provinces, securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the short form prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that such remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal advisor.
