"Our second quarter results support the soundness of our decisions to realign and grow our portfolio and to focus intensely on our operations. An impressive \$385.6 million of property acquisitions, strong occupancy, a lower weighted average interest rate and further improvements in our comparative NOI are just some of the highlights of this quarter," said Michael Cooper, Vice Chairman and Chief Executive Officer.

The Trust reported total NOI of \$38.3 million for the second quarter, up 31% largely as a result of additional revenue generated by acquisitions and improved occupancy as well as some increases in rental rates. NOI from comparative properties is up by 4% to \$25.1 million, reflecting improved occupancy in the Québec, National Capital Region and Toronto office portfolios and rising rental rates in the Alberta portfolio.

As a result of the growth in the Trust's office portfolio, net operating income from office assets was \$27.2 million, a 36% improvement over Q2 2005, and now represents approximately 73% of the total NOI. The NOI from the industrial portfolio was \$10.1 million, representing a 21% increase.

FFO was \$21.9 million, a 37% improvement largely as a result of the contribution from acquisitions, improved occupancy and a reduction in the weighted average interest rate. On a per unit basis, FFO increased by 5% to \$0.67 in the second quarter (2005 - \$0.64).

Participation in the Distribution Reinvestment Plan ("DRIP") remains high. At June 30, 2006, approximately 30% of the total units outstanding were enrolled in the DRIP, including 7% of REIT Units, Series A and 100% of LP Class B Units, Series 1. For the six month period, the Trust's cash distribution payout ratio was 66%.

OPERATIONAL HIGHLIGHTS

- **Portfolio occupancy remains strong at 95.9%** - the overall percentage of occupied and committed space was 95.9% and the average in-place net rents increased to \$9.73 per square foot.

ACQUISITION HIGHLIGHTS

During the second quarter the Trust completed an impressive \$385.6 million of acquisitions, totalling 1.8 million square feet, which included two portfolio acquisitions in Western Canada. Among these acquisitions are six office buildings in Calgary and four office buildings in Yellowknife. "Approximately 40% of our assets are now located in Western Canada and benefiting from the accelerated growth in that region" said Michael Knowlton, President and Chief Operating Officer. The acquisitions completed during the second quarter have an average capitalization rate of 8.4% and an average lease term of 4.9 years.

Subsequent to quarter end, the Trust acquired 0.2 million square feet of properties for approximately \$26.9 million with an average capitalization rate of 8.8% and provided \$2.9 million in mezzanine financing to acquire a 60% interest in development land in suburban Toronto. In addition, the Trust has entered into various agreements to acquire approximately 0.4 million square feet of office properties for approximately \$43.8 million.

DISPOSITION OF RETAIL ASSETS

During the quarter, the Trust sold Kameyosek Shopping Centre in Edmonton and a 50% interest in Greenbriar Mall in Atlanta. As part of the Greenbriar transaction, the new co-owner assumed the property management services for the mall and intends to redevelop this property. With the completion of these transactions Dundee REIT has realigned its portfolio and has exited the retail sector.

CAPITAL INITIATIVES

- **New equity issues** – In April, the Trust completed a public offering of 2,520,000 REIT Units, Series A at a price of \$27.75 per unit for gross proceeds of \$69.9 million and in June completed another public offering of 3,560,000 REIT Units, Series A at a price of \$28.10 per unit for gross proceeds of \$100.0 million.

“With the success of our most recent equity issues, Dundee REIT has achieved a market capitalization of \$1 billion – a major milestone and critical goal we set out to achieve at the beginning of the year,” said Mr. Cooper.

- **Debt** – Dundee REIT’s debt renewals and new debt placed in the second quarter resulted in a further reduction of the weighted average interest rate by 8 basis points to 6.03% from 6.11% at March 31, 2006 (December 31, 2005 – 6.16%; June 30, 2005 – 6.24%). The Trust’s debt-to-gross book value decreased to 56.7% (December 31, 2005 - 59.3%; June 30, 2005 - 60.7%). The assumed conversion of all 6.5% and 5.7% Debentures would decrease the debt-to-gross book value to 48.5%.

INTERNALIZATION OF PROPERTY MANAGER

On May 12, 2006, through its subsidiary Dundee Properties Limited Partnership (“DPLP”), Dundee REIT acquired Dundee Realty Corporation’s (“DRC”) 50% interest in Dundee Management Limited Partnership (“DMLP”), the entity, which provides the Trust with property management and real estate advisory services. The transaction was effective May 1, 2006 and increased Dundee REIT’s ownership of DMLP to 100%. The purchase price was \$12.4 million based on the issuance of 450,000 LP Class B Units, Series 1 of DPLP. The agreement provides for a maximum additional 100,000 LP Class B Units, Series 1 to be issued for \$2.8 million, contingent upon reaching acquisition objectives.

In conjunction with this transaction, DMLP and DRC agreed to extend the term of their agreement under which DMLP provides administrative and advisory services to DRC for an additional five years to June 30, 2013.
