

DREAM REPORTS 2013 SECOND QUARTER RESULTS

This news release contains forward-looking information that is based upon assumptions and is subject to risks and uncertainties as indicated in the cautionary note contained within this press release.

TORONTO, July 31, 2013, DREAM Unlimited Corp. (TSX: DRM) today announced its financial results for the three and six months ended June 30, 2013.

Financial Highlights

For the six-months ended June 30, 2013:

- Total revenues increased 24% over prior year to \$235.2 million
- Pre-tax income increased 4% over prior year to \$59.4 million
- After-tax income increased 61% over prior year to \$66.9 million, including a \$24 million tax recovery in the current period as a result of a tax re-organization. Excluding this one-time item, after-tax income increased by \$1.2 million (or 3%)
- Lot sales increased 25% over prior year
- Acquisitions in the six months ended June 30, 2013, totaled \$99.2 million, representing 1,846 acres of additional land in Regina, Saskatoon and Calgary
- Housing sales increased to 126 from 116 in the prior year
- Fee earning assets under management increased to \$9.2 billion from \$7.4 billion in the prior year
- Asset management platform continues to grow with the addition of 8 members to the senior management team

“It is with great pleasure that we present DREAM’s inaugural quarterly results,” said Michael Cooper, Chief Executive Officer. “All in all, the financial results are consistent with our expectations. We are continuously looking to increase our profits from our existing assets, re-invest into existing businesses and look for new opportunities.”

The shares of DREAM commenced trading on the TSX on May 30, 2013 following Dundee Corporation’s indirect transfer of a portion of its 70% interest in Dundee Realty Corp. to its existing shareholders. The earnings for the comparative periods up to May 30, 2013 are those of Dundee Realty Corp. Subsequent to May 30, 2013, operating results will include costs associated with being a publicly traded entity. The remaining earnings are attributable to a non-controlling shareholder.

While evaluating results, it is important to note that the nature of our land development, housing and condominium business is inherently seasonal as it depends on sales of specific projects dictated by the marketplace and the availability of buyers as well as weather-related delays. We have historically experienced, and we expect that we will continue to experience, variability in our results on a quarterly basis. Also, we do not generally bring land inventory to the market continuously throughout the year, but rather time such release of

land to when they are ready for sale. Traditionally, our highest sales volume quarter has been the fourth quarter, and the lowest sales volume quarter has been the first quarter. However this year, the first quarter had higher lot sales than the second due to the timing of availability of lots.

Capital Structure

Our capital consists of construction loans, an operating line, secured term debt, shareholder loans, preference shares and shareholders' equity. Our objective in managing capital is to ensure adequate operating funds are available to fund land, housing and condominium development costs, leasing costs, overhead and capital expenditures for investment and recreational properties. Our intention is to meet short-term liquidity

requirements through cash from operations, working capital reserves and operating debt facilities. In addition, we anticipate that revenues will continue to provide the cash necessary to fund operating expenses and debt service requirements.

At the end of June 30, 2013, *DREAM* had 75.7 million shares outstanding. Including the non-controlling interest, the capitalization is \$1.25 billion and the enterprise value is \$1.6 billion. Our debt-to-enterprise value at the end of June 30, 2013 is 22%.

We believe our capital structure remains conservative, which offers significant flexibility to grow the business over time by seeking out new opportunities where we can use our experience, expertise and relationships to achieve attractive risk adjusted returns.
